

SAM EMERY TO TRY RACING AGAIN

Won the First Brooklyn Handicap With Dry Monopole.

PURCHASES 16 YOUNGSTERS

Among Them a Half-Sister to Mexican, the Great Son of Mirthful.

NEW YORK, February 16.—Sam Emery, the man who won the first Brooklyn Handicap with Dry Monopole, will re-enter racing next season with a fine bunch of two-year-olds. Mr. Emery is a man of some discrimination in horse-racing, and in the selection of these youngsters at the yearling sale last year his own judgment was supported by expert advice of a high order. He did not patronize one particular sale but the product of any one stallion, Mr. Emery bought anything that looked good to him for which he thought he could afford to pay. There are sixteen youngsters in the Emery barn, and here is a list of them: Chestnut colt, by Solitaire II.—Marengo.

Bay colt, by Sempronius—Marshall Nell.

Bay colt, by Griffon—Lady Moccasin.

Bay colt, by Griffon—Blue Belle.

Bay colt, by Blues—Bunch.

Chestnut colt, by Mazagan—Florence.

Bay colt, by Schilling—Marie C.

Chestnut colt, by Star Shoot—Callie.

Bay colt, by Filigrane—Lady Rebecca.

Bay gelding, by Ruskin—Lady Spencer.

Bay gelding, by Handspring—Ala Mice.

Bay filly, by Sempronius—Lawrence.

Chestnut filly, by Star Shoot—Maggie.

Brown filly, by De Beauvoir—Emma Louise.

Bay filly, by Ingoldby—Rose Lady.

Black filly, by Frankfort—Lindero.

Some of these are well connected youngsters, and many of them have been made for them by Mr. Emery. The Frankfort-Lindero filly is a half-sister to no less successful horse than Mexican, the great son of Mirthful.

The colt was lame almost from the beginning of his career in the Wilson stable. He is now the head of Mr. Wilson's stud, and many of the best horses will race this season. Besides claiming close relationship with Mexican Mr. Emery's Lindero filly is a half-sister to Doaners, a successful race-horse and stud.

AT SKATING RINK.

New Specialty Act Engaged for This Week.

The introduction of high-class specialties at the big roller-rink at Idlewood appears to have struck the popular fancy. Since the act of the Eight Corners was put on as a "feeder" the public have virtually demanded a continuance of this policy, and the management, ever anxious to please their patrons, are, at heavy expense, bringing here the very cream of the vaudeville profession. This week's attraction will be the first Southern appearance of Orville and Frank Ripley acrobats, in a sensational act that will prove a winner. This pair of artists came here direct from a long and successful run in New York City, and are sent in accordance with instructions from the local management that "absolutely nothing but the best act obtainable is desired."

In announcing the booking of Orville and Frank for the week the New York booking agents of President Wells, of the Amusement Park Corporation, operators of the big roller-rink, wired that they were sending an act "second to none—never excelled."

Chick, the cyclist, who concluded his week's engagement at the rink last night, amused hundreds of pleasure-seekers.

School Children's Eyes Should Receive the Most Careful Attention.

By DRS. RUDD & BUCHANAN, Neurologists.

The impingement or waste of nerve energy produced by the constant strain of defective eyes causes an aversion to books and study. If one but remembers that only 10 per cent. of all persons have normal eyes and stops to think of how constantly these delicate organs must be employed in acquiring an education, oftentimes forced to tasks too great for the few who are blessed with perfect health and normal eyes, and considers the sensitive organism of the growing child, it is not hard to believe that many children suffer.

Children are sent to school without parent or teacher ever giving a thought or attempting to ascertain in any way whether their eyes are in condition to undertake the arduous task before them. The average child complains very little, yet when they do complain of their eyes hurting or of being tired or headaches, how often are they turned aside without consideration by the busy mother or teacher.

Of the many symptoms by which eye defects may be recognized, headaches are by far the most prominent, though there may be blurred or painful vision, red or watery eyes, granulated lids and that tired feeling, twitching or frequent winking of the lids with a constant scowling, loss of appetite, nausea, dizziness, and nearly always nervousness, with more or less irritability, listlessness, with depression, and sometimes cross eyes. In the majority of cases it is defective eyes that causes a child's lack of interest, and oftentimes an aversion to school and study, for he either has the headache whenever he begins to study or the print is blurred, or he cannot see the work on the blackboard, he becomes idle and indifferent, is considered stupid and uninteresting, and is pushed aside as the "bad boy" or the dunce of the class. Many a boy has been a dullard at school and made a failure of after life simply because there was some defect in his eyes which made it impossible for him to see things as they really are. The brain gets most of its information through the eyes, and also most of the all-important faculty, judgment, and if the eyes do not see correctly both information and training are necessarily defective. These facts are obvious; yet thousands grow up, struggle, fail and die without knowing the simple, and perhaps easily curable, cause of their misfortunes. In every school-room to-day there are these curable so-called dullards. Yet it is not remarkable that such is true, because the most common eye defects do not alter or change the appearance of the eye in any way, nor does perfect eyesight necessarily mean perfect eyes. There is a certain class of defective eyes in which vision is often better than in the perfectly normal eye.

Just such defective eyes is the primary cause of at least 85 per cent. of all school children's complaints, and if allowed to go uncorrected, these children will reach maturity with all kinds of chronic nervous ills.

Every pair of young eyes should be suspected until they have been thoroughly examined. This is the work of the NEUROLOGISTS, as the honest physician does not claim to know anything of such eye defects and nervous derangements.

J. J. CORBETT'S BROTHER DEAD FROM HEART DISEASE

SAN FRANCISCO, CAL., February 16.—Harry Corbett, a sporting man, and brother of James J. Corbett, former champion heavyweight pugilist, was found dead this morning.

This morning he went to the bathroom. Shortly afterward his young daughter went to the bathroom, where she found her father unconscious. She screamed for help, and when a special policeman arrived Corbett was dead.

Woodberry's clever passing and good shooting were a delight to the spectators. Visitors claimed that their poor showing was due to the fact that they were not accustomed to a gymnasium as large as Woodberry's.

FAST ASHLAND TEAM.

Prospects for Good Ball at Progressive Little Town Good.

ASHLAND, VA., February 16.—The prospects are bright for another fast baseball team in Ashland the coming season. Mr. Elliott M. Jordan, who so successfully managed the team in 1905 and 1906, will again have charge of the team. No man is more capable of filling the position than Mr. Jordan. He knows the game from beginning to end, and can still play the game with most of them, and with him at the head, Ashland people feel satisfied that they will have a winner. Several of the men of the 1905 team will be on the team this year. They are Bridges, Swift, Leake and Dr. Jordan. These men in past years have proven a terror to pitchers, and they are just as good now as they ever were, and the strength of the team will, depend much upon their ability both as fielders and hitters. Mills, a younger brother of Bailey Mills, will be given a tryout. He is a good one, and will no doubt make the team. An effort will be made to try and get Boone and Phillips, the two Barton Heights stars, and Bob Knightly, the best Richmond catcher. These men will help make the team a strength to the team. Games have been arranged with Randolph-Macon College for March 16th and 23d.

NEWS GATHERED FROM SOUTHSIDE

Thomas H. Smith to Succeed H. C. Beattie as Postmaster of Manchester.

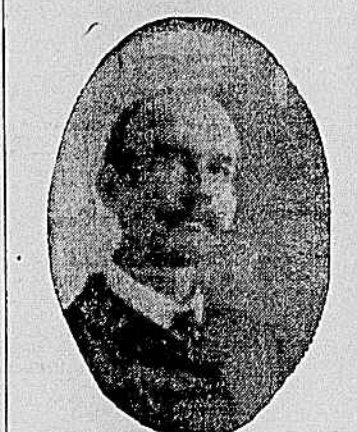

WAS APPOINTED YESTERDAY

New Church in Swansboro Planning a Colonial Tea—Items of Interest in the City.

Manchester Bureau, Times-Dispatch, No. 1105 Hull Street. Thomas H. (Shorty) Smith was appointed postmaster of Manchester yesterday to succeed Mr. H. C. Beattie, who for more than four years has held the position.

Just what will be the assistant postmaster, or who will be clerks, is as yet unknown. Changes are expected, and with the announcement that Mr. Smith had been recommended to Congress by the President, there was a great deal of interest in the city, principally among the business men, but secondarily among the recipients of favors from the Federal authorities.

"Shorty" Smith has been a Republican from the very beginning. He has served as chairman of the Re-

THOMAS H. SMITH, New Postmaster of Manchester.

publican City Committee, and when the fight was most bitter between the whites and the blacks he was the mainstay of the white element. For years he has been the recognized leader of the party in the city.

That there will be several changes in the office goes without saying. The employees who have supported Mr. Beattie will likely be replaced by men who have stood with Mr. Smith.

At present Mr. Smith is in the real estate business. He is called "Shorty" because he stands more than six feet, and further, because he weighs in the neighborhood of two hundred pounds.

Colonial Tea.

Prominent ladies of Weatherford Memorial Baptist Church, in Swansboro, have arranged for a Colonial tea in the church on Friday evening, and the program promises to be a most entertaining one. Some of the best singers of Richmond, Manchester and Petersburg will be present.

This church is only half erected. Because of the split in the congregation of Clifton Street Baptist Church the Weatherford Church was organized. Swansboro is divided in her allegiance to the old and the new. Rev. C. B. Cook is pastor of the new church, and the congregations that have heard his sermons have been very gratifying.

The new brick building is situated twelve or fifteen squares from the old church, and is accessible to all of the people of the suburb.

Valentine Social.

Mrs. C. O. Woodward, wife of Rev. C. O. Woodward, pastor of Cowardin Avenue Christian Church, gave a most delightful Valentine social in her home Friday night. Among those present were Misses Bella Walton, Nellie Cheatham, Grace Blunt, Agnes Smith, Blanche Jeffers, Violet Davroux, Irene and Beattie Baber, Elizabeth Tiller, Ethel Moore, Mary Roberts, Liza Watkins, Addie and Annie Johnson, Pearl and Florence Mallory, Bessie Toney, Mrs. Ellis, Bessie D. Baber, George Blanton, Tom and Willie Robinson, Davy and Henry Borman, Dan and Emmett Bailey, Willie Day, Dr. Mosely, of Richmond; C. J. Anderson, Dr. C. G. Hobson, T. J. Green, Eddie Martin and Clarence Jones.

Corporation Court Monday.

The Corporation Court will convene to-morrow morning. There are no felony cases to be heard, and the grand jury will not be summoned. It is probable that the session of the court will be over by Friday. Civil cases alone are to be heard.

Funeral Services.

The funeral services of Mr. Robert E. Taylor were conducted from "Buck Hill," Swansboro, yesterday afternoon at 4 o'clock. The Rev. Benjamin Dennis, of Mendon Memorial Episcopal Church, officiated.

The pall-bearers were Messrs. William Taylor, Walter Taylor, Taylor Robertson, Cullen Robertson, Allen Taylor, Ben. P. Owen, Robert Yaden and Henry Yaden. Interment was made in Maury Cemetery. The funeral of Mr. Joseph Lee, who

died Friday night at his home in Clifton, Chesterfield county, will take place this afternoon from St. Andrew's Church, in Richmond, and the interment will be made in Riverview Cemetery. Mr. Lee was a very well-known and popular citizen of the county, and was a member of Joe Johnston Camp, Confederate Veterans, of Manchester.

PRINCE WILLIAM POLITICS

Lion, present member of the Legislature from this county, will be opposed by Mr. Tyson Janney, of Occoquan. Both of these gentlemen are very popular in the county, and a pretty fight for the honor is looked forward to.

C. A. Sinclair has announced that he will be a candidate for the office of Commonwealth's Attorney, in opposition to the present incumbent, J. B. T. Thornton. Judge Charles Nicol, who is aspiring to the seat in Congress made vacant by the recent death of Mr. Rixey, has begun a very active campaign, and Judge Nicol's many friends here are confidently looking forward to his election.

Mr. Joseph T. Baker, one of the county's best citizens, died at his home near Manassas this morning.
